360 Painting Opens Painting Service Franchise In Monmouth County, NJ

Painting Service Assures On-Time, High Quality Workmanship At Reasonable Prices;
New Business to Serve All of Monmouth and Ocean Counties.

Monmouth County, NJ – February 15, 2007 – 360 Painting the nations premier painting service announced the grand opening of a new franchise location serving residents, realtors and businesses in the Monmouth and Ocean Counties. The franchise, operated by Matt Spinola who was born and raised in the area, will give home owners a new, reliable and high quality alternative for interior and exterior painting services, power washing and staining. The New Jersey office will service all of Monmouth and Ocean Counties as far south as Point Pleasant, East to Colts Neck and North to Hazlet.

360 Painting is bringing much needed quality, consistency, dependability and value to the painting industry through its high business standards and strong relationships with local trades people and suppliers. 360 Painting is licensed, insured and experienced in our area of expertise. Spinola has over 13 years of experience in the industry and decided to put his knowledge of painting to work in his own business. What's more each 360 Painting franchise is required to meet a higher level of customer service, such as calling the homeowner to confirm the appointment, progress reports and constant communication. We even want and expect to get feedback when the job is completed through our customer satisfaction survey.

Every 360 Painting franchise provides a broad range of painting related services. We understand that the paint itself is just a step in a much more detailed process. A paint job is only as good as the preparation that takes place. We provide full preparation and can replace rotten wood, patch holes, repair drywall and cracks to mention a few and most importantly if a repair is something out of our expertise, we'll be honest with you.

“Our commitment at 360 Painting is to provide you with the customer service that has rarely been found in our industry. We know the reputation that our industry has when it comes to reliability and customer service and we are hear to change that. Now there's a qualified, responsible and reliable alternative in Central Jersey – 360 Painting.”

360 Painting is designed to improve every aspect of quality and value. We provide a detailed estimate that speaks to everything that will be completed, based on the customer's request. Every 360 Painting franchise is run with the same consistency from the time you meet us through the completion of your project. We use detailed estimating

software that brings consistency to the estimating process and at the end of the project there is comfort in our 2 year guarantee.

For local realtors and business owners the New Jersey location can provide you with quick quality service when we promise. We understand that time is of the essence and we have the ability to get in and out while providing a professional quality paint job to provide the atmosphere customers have come to expect.
